Monday 10<sup>th</sup> January 2022

Dear Parents,

The children are extremely enthusiastic about their new topic 'The Frozen Planet'. They are asking lots of questions and are very keen to find out new information. We are very pleased with the children's positive responses and would like them to carry out their first homework project based on the Polar Regions. This will allow the children the opportunity to find out further information about an aspect of the Polar Regions that really interests them. For example, the children may like to find out more information about Arctic animals or people that live in the Polar Regions. We would like the children to present their knowledge and ideas in various ways. This could be in the form of pictures/collages/posters/models. For example, a collage of a Polar bear or a model of an Igloo. Please spend time with your child deciding how they would like to share their project with the rest of the class.

We would like the children to bring in their project during the week beginning **Monday 14<sup>th</sup> February** so that we can share these throughout the week. If you take any photographs as part of the homework please upload them to Tapestry and we can then access them through our interactive whiteboard in class.

We hope that you have lots of fun!

Many Thanks

The Reception team
