Wednesday 5<sup>th</sup> January 2022

Dear Parents,

Happy New Year. We hope you have all enjoyed the festive period and are looking forward to another exciting term.

Our topic for this term is 'Blood Heart'. As the name suggests, this is a science based topic where the children will be developing their knowledge of the circulatory system. In English, we will be using our class novel, *Pig Heart Boy*, as a starting point for some of our writing, including a newspaper report. In computing, the children will be using the knowledge they have gained about the circulatory system to create a flow chart. They will also be recording data they collect in science experiments in spreadsheets.

During the term, as part of DT, we will find out about healthy foods. We will also be planning and preparing a selection of foods for the children to enjoy.

Our PE days for both classes will be Monday (outdoor) and Wednesday (indoor). Please ensure your child has the correct PE kit in school every day - this includes warm outdoor clothing and trainers, as children will not be permitted to use their school shoes. All long hair **MUST** be tied up.

We value your support on continuing to work on reading, times tables and spellings at home.

Thank you for your continued support.

The Year 6 Team
